

**UNIVERSITY  
OF LONDON** | **INSTITUTE  
IN PARIS**

## Doctoral and Visiting-Fellow Affiliate Membership

**University of London Institute in Paris, 24/09/2015**

ULIP invites doctoral students and colleagues working in areas broadly related to those of its research faculty and taught programmes to become affiliate members of the institution during a period of research or residency in Paris.

ULIP is situated in the heart of Paris and offers an attractive working environment to complement the major research libraries and archives in the Paris region. It also runs a number of research seminars and conferences. Our facilities are used intensively by undergraduate students during term time, but otherwise offer very productive spaces for research and reading, as well as for the organisation of study days, meetings and discussion with ULIP faculty and other colleagues in Paris. As part of our mission to enhance connections between Europe and UK research communities, we welcome colleagues in related fields to consider ULIP as a context in which to share and develop their work.

For a membership fee of 150 euros, we will provide affiliates with access to the building and facilities until 9pm during weekdays and 7pm on Saturdays (the building is closed on Sunday). The building has full wifi access and your Eduroam log-ins will enable you to access your own electronic provision. Printing, photocopying and scanning facilities are also available. Where applicable, our library staff and faculty will be able to assist you to the best of their abilities with access to other research holdings in Paris. You will also be able to make bookings of rooms, as and when appropriate. Additional facilities costs associated with room usage will be applied if cleaning or catering support is required.

We review expressions of interest in affiliate membership on a rolling basis and are very happy to hear any specific requests or questions you may have.
